

Loyalist or Patriot Gallery Walk

"A traitor is everyone who doesn't agree with me."

"Give me liberty or give me death"

2

This Gallery Walk has students walk around the classroom reading quotes while completing a corresponding worksheet. Each quote is from either a Loyalist or a Patriot. The men in the pictures do not represent anyone in particular, just different people. Students will decide "who said it" and explain their thought process.

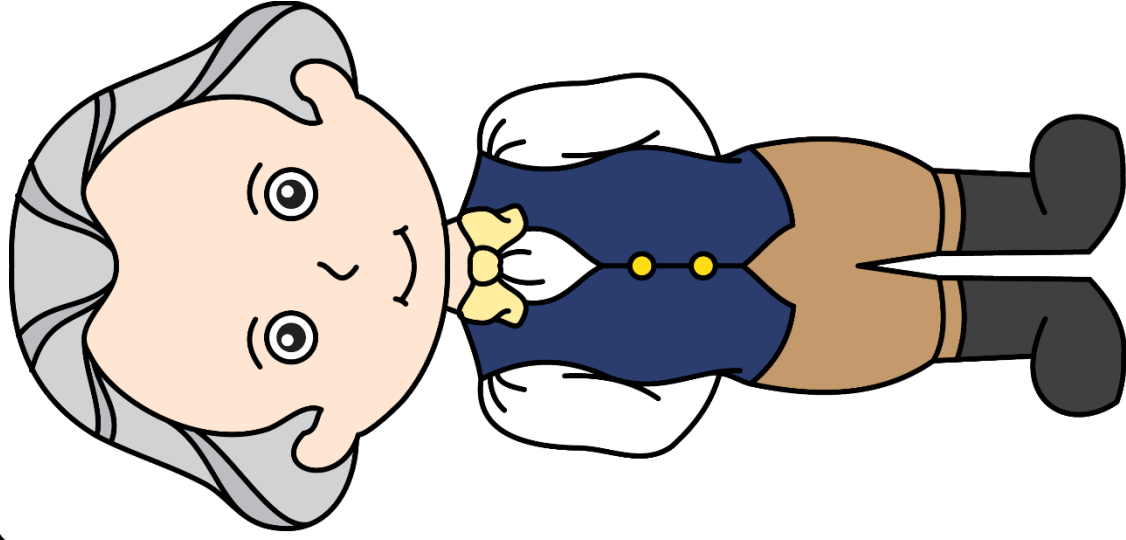

This product includes:

- 1) Galley Walk
- 2) Political Cartoon Analysis
- 3) Create your own political cartoon template
- 4) Loyalist or Patriot sorting worksheet
- 5) Venn diagram template

Gallery Walks are an awesome way to get students up and moving around the classroom, while completing curriculum-related tasks to help introduce new knowledge or reinforce existing knowledge. I love using gallery walks in my own classroom because they integrate movement into a lesson. Kinesthetic learners are highly engaged, and classroom management issues become minimal.

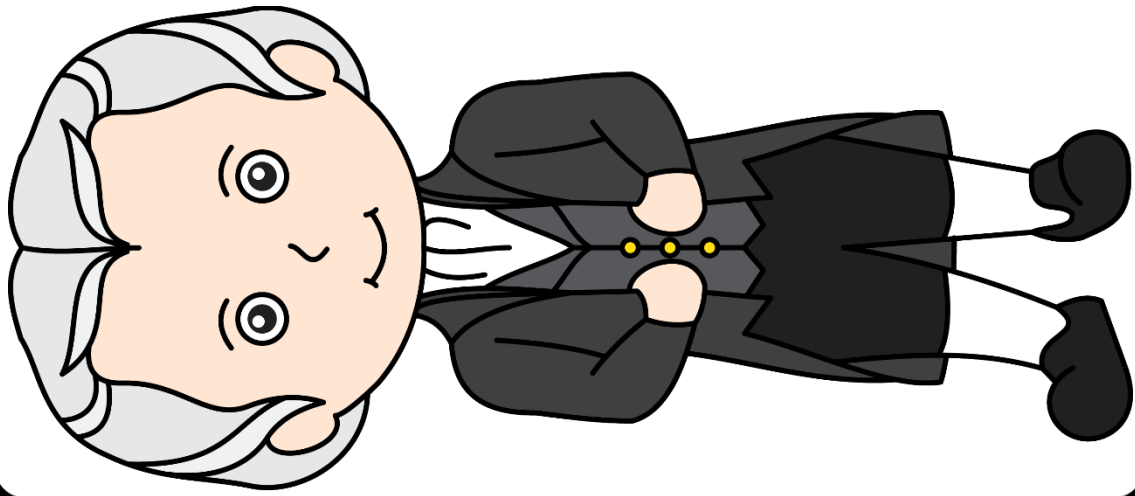

Be sure to check out my American Revolution Gallery Walk analyzing primary sources and political cartoons.
